HYPER RANGE REMOTE START & SECURITY SYSTEMS 2014

AL-2050-EDPB
Deluxe Color 2-way Remote Start & Alarm System With Hyper Range

Up To 1 MILE Of Range 2-WAY BLADE

- Color 2-way controller w/ rechargeable battery & red back-lit buttons
- 4-button remote w/ red back-lit buttons included
- Multi-car operation (2-way controller only)
- Remote start timer
- Parking timer
- Run time expiration warning (1 min. before shut down)
- 900Mhz spread spectrum window-mount antenna
- Includes car charger and wall charger

AL-1750-EDPB
Deluxe 1-way Remote Start & Alarm System With Hyper Range

Up To 1 MILE Of Range BLADE

- Two 4-button hyper range remotes with red back-lit button pads
- 900Mhz spread spectrum window-mount antenna
- Keyless entry w/ driver priority unlock
- Up to 4 available auxiliary outputs for additional functions
- Enhanced auto-rearm protects from accidental disarm
- Backup battery port
- Starter interrupt for layered theft deterrence
- AU-75MP 2-in-1 Psyren sounds like 2 sirens sounding at once!
- AU-84Tn Dual zone magnetic impact sensor
- Powered by the AL-XX50-EDPB control module
- Low temp auto start - selectable for 15°F or 32°F
- Rear defrost activation when the temperature is below freezing

AL-1855-EDPB
Deluxe LCD 2-way Remote Start & Alarm System With Hyper Range

Up To 1 MILE Of Range 2-WAY BLADE

- LCD rechargeable 2-way controller with red back-lit buttons
- 4-button remote with red back-lit buttons included
- Multi-car operation (2-way controller only)
- Remote start & parking timer
- Run time expiration warning (1 min. before shut down)
- 900Mhz spread spectrum window-mount antenna
- Includes wall charger

RS-450-EDP+
Deluxe Remote Start & Keyless Entry System With Hyper Range

Up To 1 MILE Of Range

- Two 4-button hyper range remotes with red back-lit button pads
- 900Mhz spread spectrum window-mount antenna
- Low temp auto start - selectable for 15°F or 32°F
- Rear defrost activation when the temperature is below freezing

Standard Features:

SWEET!
- Plug-in compatibility with Omega CarLink smartphone interface
- ECHO technology - upgrade with Omega's plug-in 2-way kits
- Keyless entry
- Trunk release
- Up to 20 minute engine run time w/ on demand run time extender
- Built in turbo timer with selectable run time (1, 2 ,or 3 minutes)
- Low volt auto start
- Horn honk output

- Window-mount antenna w/ built-in status lights & valet switch
- Limited lifetime warranty on ALL components
- Onboard sealed micro relays - long life and superior performance
- Tach, voltage, data tach, & crank only engine detection

SWEET!
- Dual data ports for plug-in upgrades and quick vehicle integration
- Compatible with manual or automatic transmissions
- Compatible with gasoline or diesel engines

SWEET!
- Flashable system firmware
- 100% copper harness w/ 3.0mm (12 AWG) high current wires
